<b>Total</b>		<b>84,674</b>

\* The reports shown on this website contain numbers for Indiana residents who are served by the Hoosier Assurance Plan (HAP) and do not contain numbers for all Indiana residents who may receive mental health or addiction services. The HAP is the main method by which the Indiana Division of Mental Health and Addiction funds community mental health services. As established by the Indiana Legislature, the HAP is designed to support and manage the delivery of behavioral healthcare services to individuals who are in a low-income population and who have clearly identified mental health needs.

\* This report contains data from the Community Services Data System (CSDS).

\* This report spans State Fiscal Years 2001 through 2003.
